25) I would suggest that the Secretary to the Commission should be a gentleman of the Provincial Service, if he is available, or the Under Secretary to the Government of Bombay (or Collector) may be asked to be a member of the Commission. SIR,

With reference to your No. 9 f c 3887 dated 12 December 1923 stating that the proposals on the reorganisation may lie over for the present, I have the honour to invite kind reference to para 18 of the proposals regarding the formation of the Committee for the management of the Chamarajendra Technical Institute, and request the favour of an early order in the matter by constituiting the Committee as suggested by me in para 18 of the said proposals, an extract of which is herewith submitted.

The favour of an early order in the matter is solicited.

18. The only point remaining to be dealt with is as to how best to associate outside agencies with the Insititution sox as to enchance its usefulness. The Committee appointed in the --- Government Order No. 8462-72/Edn: Dated 14th March 1921 has not been -- working satisfactorily. In the first place it was a purely Advisory Committee and as its recommendations xx in the past seem to have been treated as mere matter of routine in the Office of th Inspector General of Education, who was not connected with the Committee in any way the Committee did not meet regularly and as its Chairman, the Director of Industries had his head-quarters in Bangalore there was nothing to keep up alive interest in the Committee. On a careful consideration, I do not think it desirable to have any committee of Management unless the Committee can direct financial interest in the Insititution and is intended to represent it. The Committee may be reconstituted into an Advisory and Visiting Committee as stated in my Inspection Notes attached herewith for ready reference. The Committee may consist of the Vice Chancellor of the Mysore University, the President of the Municipal Council, the Huzur Secretary, the Inspector General of Education, the Cheif Engineer for Roads and Buildings, the Rev. Mr. Sawday, Mr. B.Subba Rao, Retired Cheif Engineer, Mr.B.Sitaramachar and two other non-official gentlemen to be nominated by Government. At meetings of the Committee the Superintendent of the Institute will act as Secretary. The non-official members will be appointed for two years at a time and will be eligible for re-appointment. They will have the right to call for and inspect the accounts. They may be consulted in regard to proposals involving a change of policy in the working of the school, introduction of new courses modification of the curricula etc.,. The members of the Committee will periodically visit the School and enquire into the working of the Institute and bring to the notice of the Government any improvements needed. All ordinary defects noted by them will be brought to the notice of the Director of Industries and Commerce.
